Dear Robyn George,

This morning I received a call from Greg Fitzpatrick about my interest in joining the town planning board. He said there would be some open positions coming available. I expressed my willingness to join the board to him and my excitement to be a part of the board. He asked that I send you a correspondence about wanting to be selected as one of the new oncoming members of the board. Please accept this as a confirmation to be selected for one of these open positions. Thank you.

Sincerely,

Jake Northrup

Hi Robyn,

I'm interested in the vacancy on the planning board. Thank you!

Spence

Hello,

I'd like to be considered for the Ellicottville Planning Board vacancy - to fill the position. I grew up in Ellicottville and I am a current resident. I used to cover local board meetings for the paper and I remember Sis Signore and Nancy Rogan's insights to guide and protect the growth and maintenance with vision and framework. I have a great love for the beauty and nature of our town and in keeping true to the integrity it deserves.

Thank you for your time.
